- Foster Parent Support Group **2**

Hello everyone!!

Thanks so much for making me feel welcome in the foster family world. From the DVD we did, to the rocking good kick off to summer picnic, to our mini training sessions, I've had fun and learned so much.

To have worked directly with many of you as you provide that chance for kids to be kids in real time, please know your caring is life changing.

No doubt our paths will cross again.

-- Nancy (aka) Leading Practice Specialist

Foster Parent Support Group

Andy and I are looking forward to getting together with our fellow foster parents to have coffee and conversation in the upcoming months. We know that no one can understand fostering like other foster parents, so our hope is to begin the concept of "Foster Parents for Foster Parents" as a support structure.

Our agency, Child & Family Services of Western Manitoba does support us in this endeavour and will reimburse foster parents for respite and mileage to attend. At our 2nd meeting at Joan's in Melita we had 7 of us attend.

Ann & Andy Dubois
Foster Parent Support Group Leaders
